

Quakers Say “No” to Cove Point

Sunday, July 13, 2014

Washington, DC

Meeting for Worship: 11:30 to 12:30

Taft Memorial Park (next to the Bell Tower)

North of the United States Capitol, on Constitution Avenue between New Jersey Avenue and First Street

++++Bring a blanket or chair +++++

Rain Location for Worship

(To Be Decided)

The Meeting for Worship is organized by Chesapeake Quarterly Meeting --a coalition of 9 Friends (Quaker) Meetings in Central and Southern Maryland, including Patuxent Friends Meeting which is adjacent to the proposed Cove Point Liquefied Natural Gas (LNG) Facility. Chesapeake Quarterly Meeting has reached unity that the expansion of the Cove Point LNG facility must be stopped. See minute: <http://chesapeake.bym-rsf.net/?p=469>

Rally & March: 1:00 to 4:00

(Thousands are expected at this event organized by Chesapeake Climate Action Network - <http://chesapeakeclimate.org/>)

Location: West of the Capitol Reflecting Pool

(bordered by 3rd St and between Pennsylvania Ave. NW and Maryland Ave. SW)

We'll come together to send a decisive message to President Obama and the Federal Energy Regulatory Commission: Say “no!” to fracked gas exports at Cove Point and nationwide. The Cove Point plant poses serious safety risks to the Lusby, Maryland community, will result in increased demand for fracked gas from West Virginia, Maryland and Pennsylvania, significantly increase air pollution and worsen climate change.
