

Patapsco Friends Good Morning

Dear Friends,

Thank you all for your thoughtful responses about whether we should meet for worship on Sunday. Everyone seems to think that we should worship in the safety of our homes.

Susannah offered: we can cancel for two weeks and then see where we are. At first I was thinking, heck, why not let everyone make his or her own decision, but then it occurred to me that people with special responsibilities - second hour, taking care of kids, bringing simple meal - may feel they have no choice but to attend even if they are uncomfortable.

I will talk with Susannah and Ken. Hopefully, we can offer a Zoom alternative for worship. Ken and John Buck have both offered to help set this up. People, of course, can worship on their own--joining us at 10:30 in spirit.

I will get back to you with the details.

With love and hope,

Eileen
